## SUEING FOR PEACE.

**China Appeals For a Cessation of Hostilities.**

**HAS HAD ENOUGH OF WAR.**

**Minister Conger Suggested as the American Commissioner.**

**FREE TO CONDUCT NEGOTIATIONS**

**Similar Application Made to Other Powers—Conference Is Probable That the Interested Governments May Act in Unison. Why Fighting Continues in Peking.**

Washington, Aug. 20.—The state department has received a cablegram through Consul Fowler at Chien from Consul Ragsdale, at Tien Tsin, saying that the Chinese troops are surrounded by the allied army in the palace grounds at Peking.

Washington, Aug. 20.—The Chinese government has made formal application through Li Hung Chang as its envoy for the appointment of an American commissioner to bring about a cessation of hostilities in China and the restoration of general peace. This coming since the capture of Peking is the first showing of China's complete weariness with the struggle and her desire to make terms. The reply of the United States government has not yet been made known.

Li Hung Chang's application came to the Chinese minister and was delivered by him to the state department at 10 a. m. Shortly afterward the president was acquainted with China's desire. In the absence of Secretary Hay and Secretary Root, the latter having gone to New York, who have been most active in the Chinese matter, there was no opportunity for a cabinet council.

The application of Li Hung Chang is that Minister Conger or some other official be named as commissioner to negotiate for a cessation of hostilities. Earl Li expresses a willingness to go where the powers may desire to conduct the negotiations and it is expected that this will be either Peking or Tien Tsin. In that event the negotiation will occur on what is practically conquered territory. The suggestion of the Chinese envoy that Minister Conger be named as the American commissioner is said to be due to the fact that as Mr. Conger is now relieved from personal danger at Peking, he is free to conduct the negotiations and has the advantage of being on the spot.

The application to the United States is understood to be similar to that made to other powers. Under these circumstances it is probable that there will be a conference in order that the powers may act in unison. As to this, however, there is no official announcement for Li Hung Chang's application has barely had time to get before the president and his advisers.

Another important development is that two of the influential viceroys of China made application to the powers, including, it is believed, the United States, that no disrespect be shown the emperor and empress dowager of China. It is understood the government is informed that at least one of the continental powers is prepared to answer that there will be no personal indignity or disrespect to their majesties.

The condition of Peking was made more clear by a dispatch from Admiral Remy giving authentic reports from one of his staff officers, Lieutenant Latimer, as to the situation August 15. It spoke of the troops "moving on the Imperial city" and "clearing out the Tartar city."

It is said at the war department that the report of the continued fighting in Peking indicate that the allied forces found a state of anarchy in the city with many disorderly people and no method of controlling them. This especially would be the case if the reported flight of the empress dowager and emperor is true. Consequently it has been found necessary for the troops to restore order in the city and carry out the instructions under which our forces are acting.

### LIST OF CASUALTIES.

**American Losses in the Capture of the Chinese Capital.**

Washington, Aug. 20.—Admiral

Remy forwarded from Taku an official report from Lieutenant Latimer, dated August 15, which gives the following important facts incident to the capture of Peking:

Troops moving on Imperial city. Clearing out Tartar city. All Americans who remained in Peking are well except one child. Captain Myers recovered from wound, has typhoid, crisis passed and now convalescing. Assistant Surgeon Lippett was wounded upper left leg, bone fractured. Leg saved, now recovering.

The following killed during siege in Peking: Sergeant J. F. Fanning, Privates C. D. King, J. W. Tucher, I. Kennedy, R. E. Thomas, A. Turner and H. Fischer.

Wounded—Private J. Schroder, elbow, severe, now dangerously ill from fever; Saman J. Mitchell, upper arm, severe, now recovering.

All other wounded and sick returned to duty. Casualties, Major Biddies in command attack on Tan Ping; First Lieutenant Butler, chest; Private Green, wrist; Private Warren, right temple all slight. Reported from Chinese sources that the royal family escaped and is en route to Shan Fu.

### JAPANESE ADVICES

**Confirm the Reported Flight of the Imperial Household.**

Washington, Aug. 20.—The Japanese legation has received several important dispatches. One received from Tokyo, dated August 19, says: "After the entrance into Peking was effected by the allied troops the Japanese troops, August 15, betook themselves to and remained in the Imperial palace. A body of Japanese troops was told off to guard the palace and there met with obstinate resistance by the Chinese troops. Fighting is still going on. The headquarters of the Japanese army is in the legation and the legation and the division is mainly quartered in the villages outside of An Ting Men."

Another telegram dated August 19 gives the report of the Japanese consul general at Shanghai saying Sheng credits the report that the empress dowager and probably the emperor had left Peking, as the privy council crossed the Lukon bridge August 12 bearing the banner of the imperial cortege. Also that Prince Ching is still in Peking, although Prince Tuan had followed the empress dowager.

### A Different Story.

Berlin, Aug. 20.—The foreign office has received a dispatch from the German consul at Chefu under date of August 20 saying the dowager empress was believed to be inside the palace at Peking and that the allies were still bombarding the fortifications.

### JAPANESE CAVALRY

**Set Out to Capture the Empress and Her Court.**

London, Aug. 20.—Japanese cavalry have left Peking in pursuit of the dowager empress and her court, according to telegrams received at Shanghai by Chinese officials. These dispatches aver that the empress and her treasure train, protected by 30,000 troops, have arrived at Wu Tai San in Shansi province.

The field telegraph north of Yang Tsun is interrupted and nothing under Peking date appears to have reached Yang Tsun since August 17.

A customs cruiser is reported to have gone to Tien Tsin to take away the foreigners rescued from Peking.

Many influential Chinese have interested themselves in the fate of a Chinaman sentenced by an English court at Hongkong to six months imprisonment at hard labor because he was a member of the Triad society.

### Criticizing the Kaiser.

New York, Aug. 20.—A dispatch from London says: The German emperor has taken leave of Count Von Waldersee in another grandiose speech in which among other things he says that the whole civilized world has spontaneously entrusted to his excellency command of the troops. This is going somewhat beyond the facts considering the very guarded and grudging manner in which some of the powers have agreed to regard Von Waldersee, not as commander-in-chief but as senior officer in virtue of his rank.

### Waldersee Departs.

Berlin, Aug. 20.—Field Marshal Von Waldersee, accompanied by his staff has left Berlin en route for China.

### Drowned While Bathing.

Cape May, Aug. 20.—Ellen Young, Salina Newhouser and Albert J. Schwab, all of Philadelphia, were drowned in the surf at Cape May Point. They were bathing and got beyond their depth.

### Storm at Oshkosh.

Oshkosh, Wis., Aug. 20.—A terrific storm struck here and wrecked Orey's store on Main street and damaged several other buildings.

## FATAL LINE FENCE.

**Feud Between Two Missouri Farmers Ends in Slaughter.**

**COLD BLOODED DEED OF A DEMON.**

**Killed an Uncle, Mother-in-Law and the Sheriff and Was Himself Shot Through the Heart—Drove His Wife From Home.**

Leavenworth, Kan., Aug. 20.—James Wallace, a wealthy farmer, was shot and almost instantly killed in Leavenworth county, Mo., near East Leavenworth, by his neighbor, Dr. Harrington, in a quarrel over a line fence. Dr. Harrington then went to the home of his mother-in-law, the widow of William Wallace, and deliberately shot her to death.

Harrington escaped in a wagon with his young daughter, but was pursued by Sheriff Dillingham and a posse.

The posse came up with Harrington on a road near Farley about 10 a. m. The murderer opened fire, fatally wounding Dillingham in the breast. Dillingham died of his wounds a few hours later. When Dillingham fell his son, Harry, who was with the posse, shot Harrington through the heart.

The murders were committed in the most cold-blooded manner. Wallace and Harrington, who were neighbors had been at outs for some time. Wallace was greasing his buggy when Harrington approached and without a word fired two shots, one taking effect in Wallace's head and the other in the breast, killing him almost instantly. Harrington then drove across the river to Leavenworth, taking his daughter with him purchased 250 cartridges and returned to the home of Mrs. Wallace. Harrington entered her house and shot her before she could make an outcry. He then climbed into his wagon and drove off. Saturday night Harrington drove his wife away from their home by threatening to kill her. She slept in a cornfield and is still in hiding.

Harrington had been on a prolonged spree.

### Wholesale Murder.

Arlington, Minn., Aug. 20.—Theodore Wallart, a farmer who lives three miles from town, killed his wife and four stepchildren with a butcherknife and so severely wounded a fifth child that he may die. He then set fire to his barns, destroying the stable nine horses, a corn crib and hay barn. Three years ago Wallart married the widow Starnbors and they had been having trouble. She recently tried to secure a divorce and had taken means to prevent Wallart from coming to the farm. After practicing in the woods with a revolver Wallart returned to the house and entered by one of the windows. His wife evidently was alarmed by the noise and was shot and killed as she was leaving the bed. The baby was found dead on the dounge, the girl on the floor of her bedroom. Wallart fled to the woods after the crime. A sheriff's posse is searching for him.

### Killed by a Burglar.

Pittsfield, Mass., Aug. 20.—Miss May Fosburg, 24, daughter of R. L. Fosburg, a contractor of Buffalo, N. Y., was shot and killed by a burglar. Her brother, F. F. Fosburg, was badly beaten by one of the men whom he tried to capture. There were three of the burglars and all escaped. Mr. Fosburg is living in this city while engaged on some work for an electrical company.

### Another Murder.

Dallas, Aug. 20.—A telephone message from Blooming Grove says James McCann, a young farmer shot and killed H. R. Chipley, a rich planter, because Chipley would not consent that McCann marry his 14-year-old daughter. McCann is in jail.

### Herd Law Breeding Crime.

Oklahoma, City, O. T., Aug. 20.—L. Huff, cattleman and farmer, was shot dead in his own home in Custer county, O. T., by some one who fired through an open window. The herd law is said to be the cause of the crime and more trouble is feared.

### Lost a Double Life.

New York, Aug. 20.—Frederick Scharn, brother of Kathryn Scharn, the young girl who was murdered by her apartments Saturday night and Lincoln Prince, said to be the girl's lover, were arraigned and held for the coroner. The police no longer think jealousy the cause of the crime. The young woman had been leading a double life and the police believe a man she had met in a dance hall may have killed her. She was beaten to death with a hammer.

### RUSSIAN ATROCITIES.

**Mrs. Drew Writes a Spirited Letter Denying Sensational Story.**

Washington, Aug. 20.—The diplomats connected with the Russian embassy have been annoyed by constant reports attributing atrocities to Russian troops in China. One of the most notable instances was an alleged interview with Mrs. Anna Drew, wife of E. B. Drew, chief secretary of Sir Robert Hart.

Mrs. Drew addressed a letter from Chicago, under date of August 14 to the Russian ambassador. After the usual open preliminaries, she said: "We have been living at Tien Tsin the past year and I returned from there only last week. Our steamer was besieged with newspaper reporters upon our arrival at San Francisco and although I was extremely careful in what I said to them, a great many strange things have been put into my mouth by disagreeable people. The worst of all was an article which attributed to me the most horrible story of the atrocities committed by the Russian soldiers. I wish to deny these statements in full and as the account has been copied into many eastern papers, I have, perhaps, come to your notice. I feel that I at least must tell you how false it all is. In fact I can, from my own experience during those terrible days of the siege of Tien Tsin, speak only in the highest terms of praise of the Russian soldiers, who undoubtedly saved our lives on more than one occasion."

In giving out this letter for publication the Russian embassy wishes it understood that little importance is attributed to the effect of the stories reflecting upon the Russian troops. Were it not that Mrs. Drew is desirous of correcting the false reports no notice would be taken of them.

### PRESIDENT AT CHICAGO.

**Will Attend Many Functions During His Sojourn There.**

Washington, Aug. 20.—President and Mrs. McKinley will leave Friday afternoon for Chicago to attend the annual encampment of the Grand Army of the Republic. They will go in a special car attached to a regular train on the Pennsylvania and will arrive in Chicago Saturday afternoon about 3 o'clock. They will remain in Chicago until Wednesday of next week and will be quartered during that stay at the Palmer House.

Sunday the president will attend two union services in Chicago, one of the Sunday schools in the morning and the other of the churches in the afternoon. Monday and Tuesday will review parades and Wednesday he will go to Fort Sheridan. He will be present at a number of banquets during his stay.

Late Wednesday the party will return to Canton, where the president and Mrs. McKinley will remain until September 11, when they will go to Somerset, Pa., to attend the marriage of their niece, Miss Mabel McKinley and Dr. Herman S. Baer. The marriage will be solemnized September 12 at the home of Abner McKinley.

### No Set Speeches

Chicago, Aug. 20.—It is stated here that President McKinley intends to deliver no set or lengthy speeches while in Chicago attending the G. A. R. encampment. While headquarters of the presidential party will be at the Palmer House, the president and Mrs. McKinley will spend much of their time at the residence of Lafayette McKim. During their stay here, the president and Mrs. McKinley will probably visit at the home of Comptroller Dawes in Evanston.

### Ample Protection.

Chicago, Aug. 20.—Chief of Detectives Collieran has not yet appointed a body guard for President McKinley during the latter's presence here at the G. A. R. encampment. "I do not expect any attempt on the part of the anarchists or anybody else to molest the president," he said, "but all the distinguished guests will be amply protected."

### Sunk at the Dock.

Escanaba, Mich., Aug. 20.—The Argonaut of Port Huron sank at the dock when about to leave the harbor. As she began to list the feed pipe of the engine broke, scalding the fireman, A. A. McFarland, in a horrible manner. The steamer will be lightered.

### General Wood's Ride.

Gibara, province of Santiago de Cuba, Aug. 20.—Governor-General Wood's ride from Puerto Padre via Las Tunas and Holguin, on his convention canvass, was completed here. He covered over 120 miles in 20 hours.

Columbus, Aug. 20.—Daisy Johnson, 23, suicided at home of her mother, Rhoda Hoy, by taking laudanum. She separated from her husband two years ago and leaves two small children. No cause known.

## YOUTSEY ON TRIAL.

**Prisoner Looked Pale and Weak When He Came Into Court.**

**WITNESSES FAILED TO APPEAR.**

**Attachment Issued For Ex-State Treasurer Walter Day—Ex-Governor Bradley Also Among Those Who Did Not Respond.**

Georgetown, Ky., Aug. 20.—It was 10:15 when the case of Henry E. Youtsey was called. The defendant, looking pale and weak, was brought in and took a seat by his wife and just behind his counsel. When the list of witnesses was called ex-State Treasurer Walter Day failed to respond and on motion of the commonwealth his recognizance bond was forfeited and a forthwith attachment was issued.

At the close of the calling of the list of witnesses for the commonwealth they prosecution announced that it was ready for trial.

The defense asked for time to hold a conference before announcing whether it is ready for trial and the court adjourned until 2:30.

It is said Youtsey's attorney will file a certificate from his physicians that he is physically unable to go into trial.

When the witnesses for the defense were called W. S. Taylor and Charles Finley and Assistant Secretary of State J. Davidson, who is in Washington state, were called but failed to respond. Ex-Governor W. O. Bradley who failed to appear in the Powers case likewise failed to answer.

### DRUGGED AND ROBBED.

**Paul Lawrence Dunbar, the Negro Poet, Relieved of Valuables.**

New York, Aug. 20.—Paul Lawrence Dunbar, a negro poet, reported to the police that he had been drugged and robbed. Dunbar said he had been working hard during the early part of the night trying to pacify the negroes who had been agitated about the west side riots and was very tired. About midnight he started to go to the house in Ninth avenue, where he was staying temporarily, and he met a negro, named William Ricks. Ricks invited him into a saloon and advised him against going through West Thirty-seventh street, as he said it was dangerous. This is all he remembers until he awoke on the top floor of a building on Thirty-seventh street. As soon as Dunbar examined his pockets he found his diamond ring, a gold watch and chain, some money and some trinkets were missing.

Paul Lawrence Dunbar is known as a writer in magazines and as a poet. He has published several books of poems.

### Off For the Orient.

San Francisco, Aug. 20.—The transport Sherman has sailed for Taku by way of Nagasaki with the Second Infantry from Fort Thomas, Ky., and a battalion of the Eighth Infantry from Fort Snelling, Minn., and the Fifth Infantry. Companies A and B of the First Infantry, commanded by Captain F. A. Lacey and Lieutenant E. E. Carroll from Fort Riley, Kan., have arrived at the Presidio, where they will await sailing orders.

### Suspects Still Detained.

New York, Aug. 20.—Moresca and Gulda, the Italians suspected of anarchy and detained by the immigration authorities, are still on the detention boat at Ellis island. Commissioner Fritchle said a search of Moresca's baggage had not revealed any documents of an incriminating nature. Gulda begged that the letters found in his trunk and signed "Rosa" be restored to him and his request was granted.

### Report From Roberts.

London, Aug. 20.—The war office received the following dispatch from Lord Roberts: Ian Hamilton captured two Krupp guns at Oliphant's Nek, August 17. Three British were wounded. Hamilton engaged the Boers all day August 19 at Roode Kopjes and Crocodile river. There were few casualties. Rundle reports that 684 Boers surrendered in the Harrismith district August 19.

### Must Have a Convention.

Springfield, O., Aug. 20.—The Union Reform party, which has for its sole issue the initiative and referendum, recently selected a state ticket in this manner, the first in history. Chairman R. S. Thompson of the Union Reform party has discovered that under existing election laws the state ticket cannot be certified as nominated by the people. He will call a state convention for Columbus September 4.

## EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.  
ROSSER & MCCARTHY,

TUESDAY, AUGUST 27, 1900.

Thunderstorms and  
cooler to-day.  
Showers Wednesday.

An exchange asks somebody to explain why it is that Bill Bradley or Bill Yost or Bill Seavey or Bill Taylor could not be hauled to the witness stand at Georgetown with a yoke of steers. It indicates to us that these gentry know nothing good for the defense and some of them do not care to expose their own infamy.

A VALUED contributor takes the BULLETIN to task for not following copy in regard to punctuation and capitalization. Every well regulated printing office has its own individual "style" covering these matters, and does not attempt to gratify the whims of every correspondent in this respect. The editor tries to do his best and endeavors to learn a little more of the "know-how" every day of his life. Everybody should realize that he is chiefly concerned in having the paper properly edited, and that therefore if mistakes are made they are of the head rather than of the heart.

### SENATOR WELLINGTON'S CHARGE.

Senator Wellington, of Maryland, though a life-long Republican, is opposed to McKinley and makes this plain charge against him and his policy of imperialism:

President McKinley has betrayed me. I was opposed to the Paris peace treaty and would never have voted for its ratification of my own volition. I told the President so, and he induced me to vote for it by solemnly pledging me that it was not the intention of himself or the government to forcibly hold or permanently acquire the Philippines.

He further said that his personal desire was to restore law and order in the islands and then submit the matter to Congress, with the idea of having it grant absolute freedom and self-government to the Philippines. With that pledge from President William McKinley I voted for the treaty. Without it I never should have done so.

As the treaty was ratified by a single vote only, Wellington's statement is important testimony. If the policy which McKinley declared in his speech of acceptance a few weeks ago had been avowed when the treaty was before the Senate it would have failed of ratification by some dozen or more votes, asserts an exchange, which adds: "It is a serious matter when the President must prostitute his office in obtaining votes in the Senate on important legislation by deception. Coming from one so high in the councils of his own party it will not be doubted, and it is no answer for the Republicans to say that Wellington is a 'son-of-a-bitch'."

### Another Charge of Shortage.

State Inspector Hines has filed a report with Auditor Coulter charging County Clerk Frank Pastner with being short in his accounts with the State. The alleged shortage is over \$1,500.

The Inspector holds that Pastner is also liable for a \$1,000 fine for irregularity in failing to make a proper report. Pastner was a Brown candidate for Auditor last fall, and did not recognize Coulter by reporting to him.

### Weaver For Yerkes.

A dispatch from Frankfort says the examining trial of George Franklin Weaver, the "strolling" barber, who was arrested on a warrant charging him with having sworn falsely against Powers, will be called by County Judge Yates Wednesday morning at 9 o'clock. Weaver has never succeeded in giving the \$200 bond, and is still confined in the jail. He declares that when he is released he is going to take the stump in the interest of the Hon. John W. Yerkes for Governor.

### Why the Chinese Fear America.

(Cincinnati Enquirer.)

INDIANAPOLIS, August 19.—Moy Kee, a Chinese merchant of this city, who is a Cantonese by birth, and is a naturalized citizen of America, in a review of the unpleasant situation in China and the causes leading up to the rebellion of the Boxers, said: "I believe the American Government's attitude toward the Philippines had direct influence in precipitating the uprising, which has been formulating for a long time. The Chinese have seen the Filipinos' hopes of an independent government turned to ashes by the McKinley Administration, and they have feared that the great Government of the United States, which has hitherto kept its hands off China, would next turn its attention upon them and send its armies and navies to encroach upon them, as has been the case in the Philippine Archipelago."

The last day for filing records in the Court of Appeals for the coming fall term is Tuesday, August 28. Already a large number of cases have been filed, and a full docket is expected.

## CAMPBELL COMES BACK.

Issues a Statement in Which He Declares the Figures Given in Regard to Kentucky Murders is Correct.

In reply to the statement of former Governor W. O. Bradley as to the number of pardons granted by him Colonel Campbell has given out the following statement:

"The figures which I gave are correct. The Governor of Ohio furnished me with the statement which showed that there were 45 homicides in Ohio from January 1, 1896, to January 1, 1900, and that there were in the same period of time 35 pardons issued in the State of Ohio. The number of murderers in the State of Kentucky was obtained through inquiries made of the Circuit Court Clerks. One hundred and two counties responded, showing 765 homicides. This is over 7½ to the county. Seventeen counties did not report. Assume 7½ murders to the county, and this would give 117 additional, which, added to the 765, makes 882 murders for the four years of Bradley's administration. As the 17 counties embrace many of the mountain counties, the average will be very much over 7½."

"I have just received a letter from the Clerk of Morgan County, one of those not reported, in which he says that the number of murders for four years was 12. "It may be true, as Governor Bradley states, that they are not accurate. I am sure they are not, because we are only dealing with those homicide cases in which legal proceedings were had, and there are possibly as many murders committed in the mountains of Kentucky of which no legal notice was taken as there are of those in which legal action was secured."

"An accurate statement of the murders in Kentucky would show for the four years of Governor Bradley's administration probably one for each working day, or about 1,250 for his term of office. As to the Governor's statement about his pardons I will state, I received first a report from the Secretary of State of Kentucky, and in order that the report might be closely verified, I wrote to the Warden of the Eddyville Penitentiary, H. F. Smith, and to Warden Eph Lillard, of the Frankfort prison. I received from these gentlemen the list of names of the persons pardoned by Bradley, who had been convicted of murder, and they amounted to 216."

"The number of convictions was obtained by reports from the Circuit Clerks in all but seventeen counties. The total number of convictions with terms of imprisonment running from one year to life is 265."

"I don't blame the Governor for being himself appalled at such a report. I do not know that he is wholly to be blamed. The condition is a growing one, and when he permitted the desperadoes of Clay County to slay a prisoner surrounded by the militia which Bradley had sent to protect him, and then took no steps to secure the apprehension and punishment of the conspirators who secured the murder of Tom Baker, he then and there set a precedent from which Eastern Kentucky will not recover until some few legal executions have taken place for murder. An opportunity for reformation in this particular will be afforded in the near future."

### AN ADDRESS TO DEMOCRATS.

Leaders Urge That Clubs Be Organized in Every Precinct in the United States.

The following address, signed by the Democratic candidates for President and Vice President, Chairman James K. Jones and W. R. Hearst, President of the National Association, has been issued:

To the Democrats of the United States: In order that the fight for the rescue of the country from Republican policies may be carried on everywhere with vigor and earnestness, we urge all citizens throughout the United States who are willing to support the Kansas City platform to meet in their respective communities Saturday afternoon, September 1, for the purpose of organizing precinct Democratic clubs where such clubs have not already been organized. These organizations being Democratic should avoid ostentation and extravagance. The fight must be carried on by American citizens in behalf of American principles and there should be no delay in perfecting club organizations. When a club is organized the Secretary should at once send to W. R. Hearst, President of the National Association of Democratic Clubs, No. 1370 Broadway, the name of the club, the roster of officers, date of organization and number of members.

SOME curious facts concerning trees have been discovered. A single oak of good size is said to lift 123 tons of water during the months it is in leaf. This moisture is evaporated and rises to form rain clouds. From this estimate of the labor of a single oak we can gain some idea of the immense force which the forests exert in equalizing the evaporation and precipitation and preventing periods of inundation and drought.—Exchange.

A son of George Hoochler, the man who was so brutally murdered at Vanceburg a year or two ago, says that he has reliable information that W. D. Halbert, who was suspected of the crime, is in the Boer country in Africa in charge of a number of gold mines that are owned by an English syndicate. Halbert will never return to this country, it is said, though he denies knowing anything about the death of his old partner at the hands of an assassin.

### An Editor Who Refused to Flop.

Theodore Lange has resigned as managing editor of the Evening Freie Presse at Ft. Wayne, Ind. Mr. Lange is a strong Democrat and an anti-imperialist, and the paper has reflected his opinions. Since the campaign opened the Republicans made an effort to throw the Freie Presse into the Republican column, finally Republican stockholders secured a majority of the stock. Mr. Lange refused to turn an editorial and political somersault, and plainly told the stockholders that he would not eat crow. An effort to temporize was made, but he handed in his resignation and the Freie Presse has jumped into the Republican press ranks. The German element here is very numerous and is almost to a man opposed to the re-election of McKinley, although in 1896 they were for him on the silver issue and their votes made the city go Republican for the first time in its history.

## The Rough Rider Hats

Have met with a splendid reception. They are certainly well adapted for knock-about wear, with a style about them that gives the wearer a decidedly jaunty appearance. The various shapes, such as Cavalier, Lawton, Ladysmith, Marlborough and Dakota, all to be found in our stock, are absolutely the very latest and will be most popular for fall wear. They come in many colors. Prices 79c. to \$1.89.

## Shirt Waists at Less Than Cost.

We have determined not to carry over any Shirt Waists. Every inducement will be offered to sell 'em quickly. Prices have been still more reduced, and whether you need a waist for this or next season's wear, it will pay you to buy now. \$1.50 waists are now 98c.; the \$1 kind are 69c.; those that were marked 75c. are marked down to 50c., and so on through the list. ### "SULLY" WILL RETURN.

Concludes to Go Back to Ohio Without Waiting For a Requisition to be Made on Governor Beckham.

D.puty Sheriff E. E. Bastin and Attorney W. W. Healin, of Clark County, O., arrived last night with requisition papers from Governor Nash and a copy of the indictment charging Sullivan alias Ryan with the wilful murder of Napolian Severa years ago, mention of which was made yesterday.

Sullivan consented to go with the officers without a requisition being made on Governor Beckham, and Sheriff Bastin agreed to allow the accused time to arrange his business affairs here preparatory to leaving for the scene of a crime almost forgotten.

The officers, with their prisoner, will probably depart some time to-morrow.

### Youtsey Gets a Continuance.

The attorneys for Youtsey, charged with complicity in the Goebel murder, at the afternoon session of court yesterday presented a number of affidavits supporting a motion for a continuance. Commonwealth's Attorney Franklin and his co-counsel examined them and stated to the court that he did not deem them sufficient. Colonel R. W. Nelson argued the question for the defense, reading an affidavit, which stated that the defendant was not only in bad health and under the care of a physician, but that subpoenas had been issued for a number of witnesses on whom service had not been served. Judge Cantrill finally granted a continuance till Thursday.

### Continued Drouth at Washington.

The rain last evening extended but little beyond the first tollgate on the Lexington pike. The Washington neighborhood is suffering for rain. They have not had a good one there since the 26th day of May. Tobacco is firing badly and stock water getting scarce. This locality is on what is called a dividing ridge. Jno. C. Kirk's house located at the junction of the Hill City and Lexington pikes illustrates it. The rain falls on the North side of the house goes into Lawrence creek, on the South side into the North Fork. Will some one give us the full length and course of this ridge?

### River News.

But slight changes have occurred in the river stages, but the good rains that have fallen throughout the valley will probably cause a rise.

### Story of a Slave.

To be bound hand and foot by the chains of disease is the worst form of slavery. George D. Williams, of Manchester, Mich., tells how such a slave was made free. This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. ## TESLA TO THE FRONT.

The Great Electrician is Said to Have Brought Out Another Wonderful Invention.

Nicola Tesla has secured a patent for keeping electricity on ice. This is to be his method of insulating currents, and the inventor insists that through it electricity may be carried at nominal costs.

Mr. Tesla says that the power of Niagara could be brought to turn the wheels of factories and cars in distant cities with a loss of not more than 1 to 1 per cent. of the voltage. The plan calls for the placing of all wires underground, in great troughs extending from the source of the power to any required distance. These troughs will be buried six feet below the surface and filled with water and sawdust. To freeze the water, tubes will be placed in the troughs through which a current of gas, probably hydrogen, would be forced at a temperature of minus 200 degrees. For transmitting the current a thin metal tube capable of resisting 300 pounds pressure to the inch would be used.

## "HEARKEN YE."

To the Voice of Maysville People.

If you will but listen to your friends and neighbors, they will tell you how the pains and aches of a bad back, the annoyance of urinary troubles, the nervousness, the restlessness that comes from kindred ills, can be relieved and cured. Read what one Maysville citizen says:

Mrs. Philip Fitt of 126 East Fifth street, says: "Our son used Doan's Kidney Pills, sold at J. Jas. Wood & Son's drug store, corner of West Second and Market streets, with great benefit." He was troubled with a disturbed condition of his kidneys for a long time, evidenced by backache, brick dust sediment in the secretion and a tendency to inflammation of the bladder. The use of two boxes of Doan's Kidney Pills proved them to act up to the representation made for them."

For sale by all dealers; price 50 cents a box. Foster-Milburn, Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no substitute.

## Billy Brady's Success.

Mr. William Brady, the prize fight manager and theatrical promoter, began life as a train boy twenty years ago. Today his income is estimated at \$1,000,000 annually. Twenty years ago, his father was a newspaper man, and he was an errand boy in the New York Press Club. His strong wish in those early days was to reach San Francisco and the stage. The men of the Press Club made up a purse, and the embryonic actor started straight for the other coast. He peddled peanuts and card packs on the trains of Central Pacific Railroad for a while. Days off he hunted the Grand Opera House, and finally Frederick W. Burke, the manager, took pity on him and made him call boy. The \$7 per week he got nearly turned his head. The wheel of time has sent the call boy to the top, and the kind-hearted Burke is now one of Mr. Brady's employees—his confidential man of business, managing the fortune that places Mr. Brady among the millionaires of the country.

## Cold Steel or Death.

"There is but one small chance to save your life and that is through an operation," was the awful prospect set before Mrs. I. B. Hunt, of Lime Ridge, Wis., by her doctor after vainly trying to cure her of a frightful case of stomach trouble and yellow jaundice. He didn't count on the marvelous power of Electric Bitters to cure stomach and liver troubles, but she heard of it, took seven bottles, was wholly cured, avoided surgeon's knife, now weighs more and feels better than ever. It's positively guaranteed to cure stomach, liver and kidney troubles and never disappoints. Price 50c, at J. Jas. Wood & Son's drug store.

The carrier pigeon when traveling never feeds. If the distance be long it flies on without stopping to take nutriment and at last arrives thin, exhausted and almost dying. If corn be presented to it it refuses to eat, contenting itself with drinking a little water and then sleeping. Two or three hours later it begins to eat with great moderation and sleeps again immediately afterward. If its flight has been very prolonged the pigeon will proceed in this manner for forty-eight hours before recovering its normal mode of feeding.
